

Continuing Education Committee: Annual Report: 2012-13

By Sylvia Nurse.

This past year we met regularly. The committee's primary focus was brainstorming possible professional development events and narrowing down the list of exciting possibilities for 2013. Committee members were then tasked with planning workshops around serving mentally ill patrons in the library, disaster recovery/planning and digital services. A call was not put out for applications for the 250 and the Sunshine Coast Incentive Grant as this grant is now defunct. We were delighted to welcome Rebecca

Dowson (ALPS rep) and Anna Hudson (YAACS rep) to the executive and sorry to see long term member, Michael DeKoven step down from the committee. Sylvia Nurse will commence her second term as Chair in the coming year. In 2013 we will need to discuss how our committee goals will mesh with the overall provincial educational directions. We are looking forward to another great year!
