

# The Quandary of “Cobra Chickens”

*A critical discourse analysis of media coverage of Canadian Geese  
in the United States and Canada*

(Photo by: Tyler Moulton)

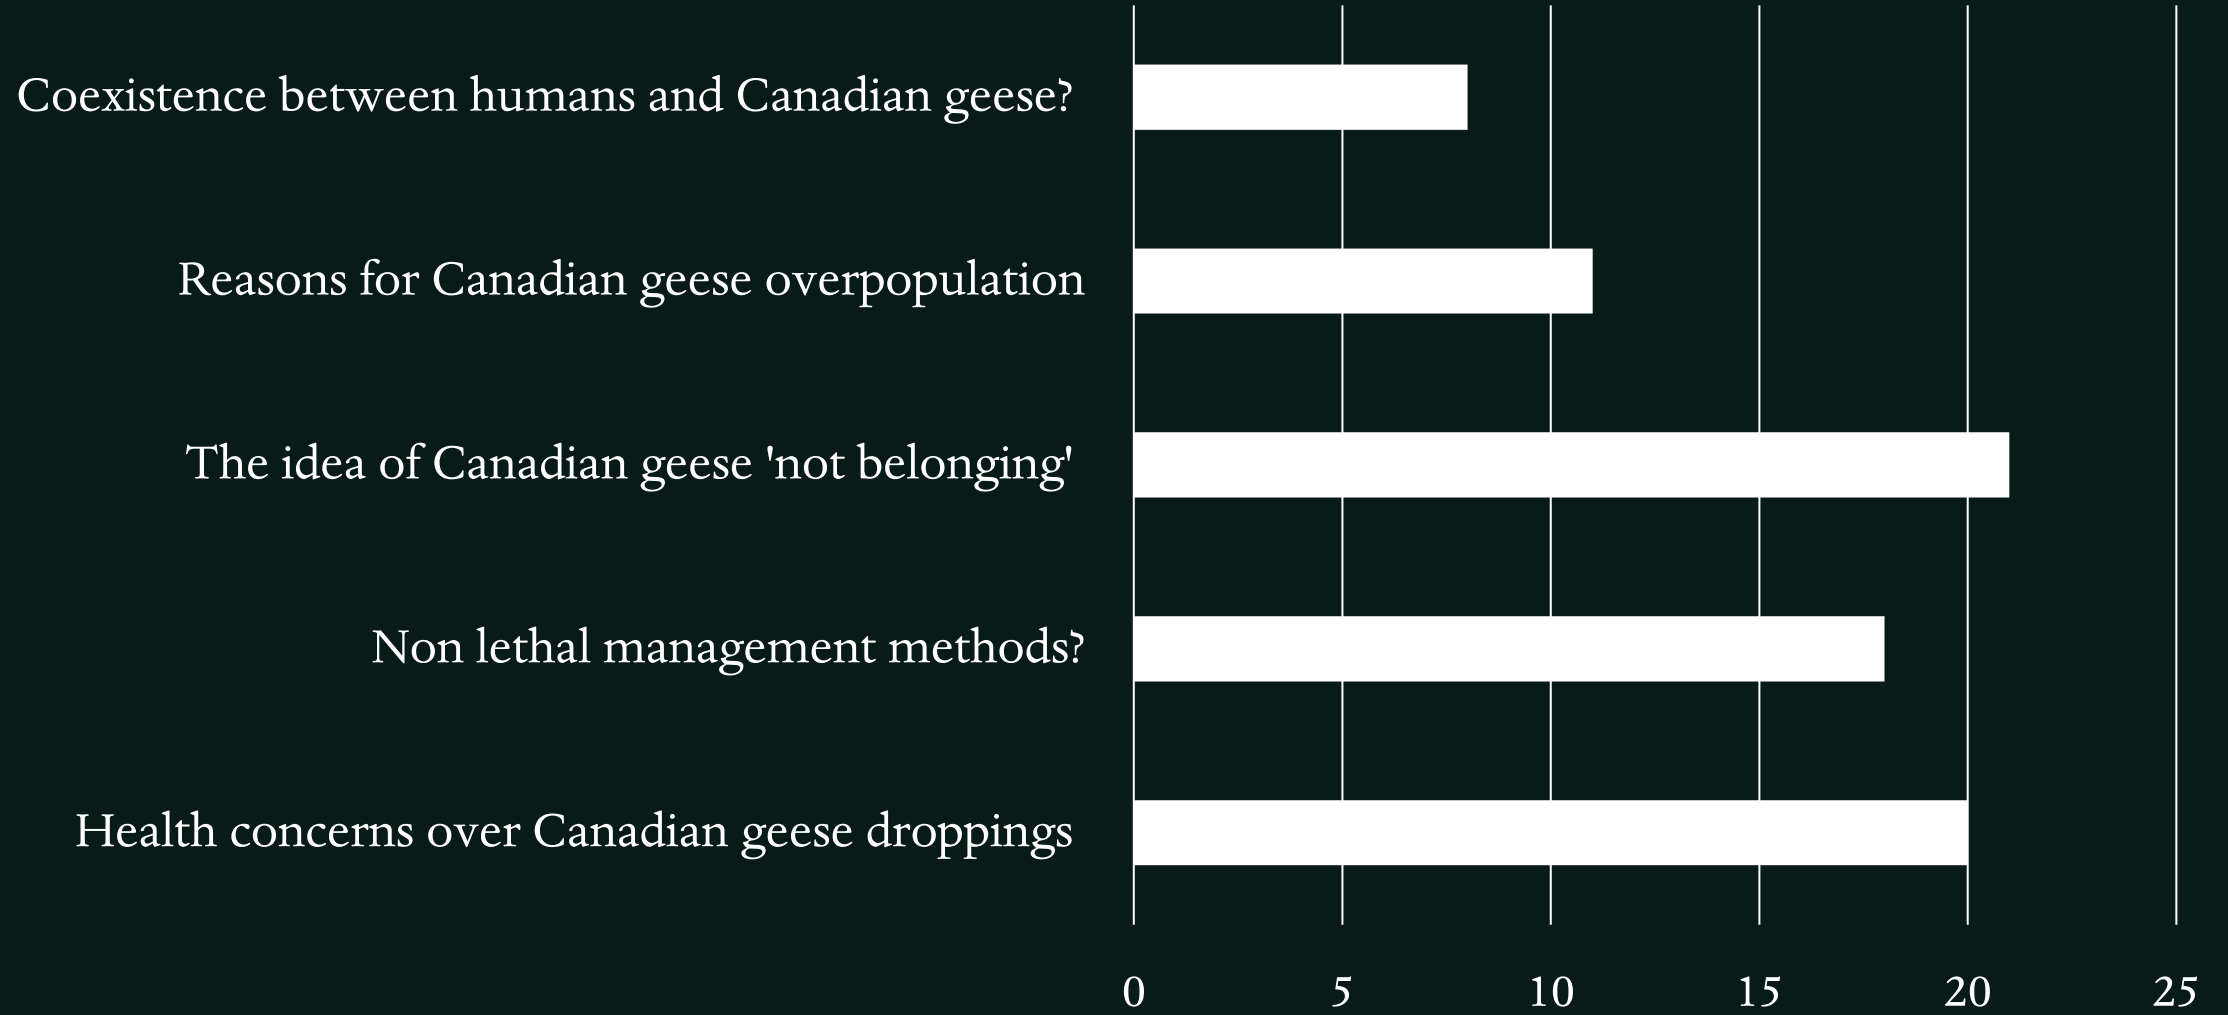

# Research Questions

- How are urban Canadian geese represented in media coverage in the United States and Canada?
- What geographical imaginaries are present in these media representations?

# Methodology

- Part 1: Analyzed 25 media articles to find recurring themes
- Part 2: Conducted a supplemental interview with Park Boards Authorities for further insights

## Frequency of recurring themes in articles

## Discussion

- Research can lead to coexistence strategies
- Can help answer further questions
