

# SO LONG WE MISS YOU FOREVER

>> DIYAN ACHJADI AND VANESSA KWAN

*So long we miss you forever, 2008*

This poster project was focused in the Downtown Eastside/ Chinatown area, and imagined a fond farewell from the old signs in the neighbourhood; in the wake of rapid development in the area, they were old friends bidding adieu. A different poster was installed weekly on two Fridays on poster boards bordered by Cambie on the West, Jackson on the East, Alexander on the North and Keefer on the South.
